COLLABORATION

Industry-Aligned Training & Collaboration

The Centre is committed to building strong collaborations with leading government, semi-government, and private organizations to support career development in both technical and non-technical domains.

In alignment with this vision, Techvid Innovations has partnered with AICTE to provide students with high-quality career guidance and skill-building opportunities. We also collaborate with industry partners such as Razorpay, Easebuzz, Netlify, GoDaddy, Colormoon Technologies, RAAB, AWS Cloud Partner, Google Cloud Partner, and the Wipro Credential Platform Partner.

As an ISO-certified organization, MSME-registered entity, and AICTE-recognized organization, Techvid Innovations is dedicated to delivering valuable industry exposure, expert mentorship, and future-ready opportunities for students.
